

St Paul Apostle South Primary School is a school which operates with the consent of the Catholic Archbishop of Melbourne and is owned, operated and governed by Melbourne Archdiocese Catholic Schools Ltd (MACS), where formation and education are based on the principles of Catholic doctrine, and where the teachers are outstanding in true doctrine and uprightness of life.

Curriculum and learning policy

Vision

At St Paul Apostle South School:

We are guided by the teachings of Jesus Christ and we respond to today's world in the light of the Catholic tradition.

We are committed to nurturing the whole person so that our students become responsible and connected local and global citizens.

We strive to learn continuously in order to best meet the needs of our students in the 21st Century.

We respect the dignity of each member of our school community by appreciating the diversity of language, culture and faith.

Purpose

The Victorian Curriculum is the Foundation to Year 10 curriculum for Victorian government and Catholic schools for implementation from 2017. The Victorian Curriculum reflects Victorian priorities and standards for F–10 and incorporates the Australian Curriculum. It defines what it is that all students have the opportunity to learn as a result of their schooling, set out as a series of learning progressions. See <https://www.vcaa.vic.edu.au/curriculum/foundation-10/Pages/default.aspx>.

The Victorian Curriculum F–10 recognises that increasingly, in a world where knowledge itself is constantly growing and evolving, students need to develop, in addition to discrete discipline knowledge and understanding, a set of skills, behaviours and dispositions, or general capabilities, that apply across discipline content and equip them to be lifelong learners able to operate with confidence in a complex, information-rich, globalised world.

The **St Paul Apostle South Primary School** Curriculum Plan has been developed in light of the directions for Catholic education and principles of curriculum from the *Horizons of Hope* education framework: Catholic schools provide an excellent holistic education centred on the students and engaging them in authentic, purposeful learning; and incorporating the philosophy of the Victorian Curriculum F–10 and the Religious Education Curriculum Framework.

The curriculum is a statement of the purpose of schooling and defines what it is that all students have the opportunity to learn as a result of their schooling.

At St Paul Apostle South Primary School, the primary principal is to ensure that:

Learning and teaching practices should improve the quality of learning for all students. Therefore, it is the policy of St. Paul Apostle South to provide each student with a range of learning experiences that will:

- Assist them to experience success through the development continuum of their own learning.
- Promote excellence in learning.
- Motivate challenge and stimulate children
- Develop their self-esteem, confidence, independence and responsibility
- Develop them spiritually, academically, socially and emotionally, so they can become effective member of the school community.

Scope

Our school curriculum defines what it is that all students have the opportunity to learn as a result of their schooling at **St Paul Apostle South Primary School**.

At **St Paul Apostle South Primary School** curriculum is enriched by the values, beliefs, perspectives and experiences of each member of the learning community when they engage actively with Catholic understandings of the human person. This orientation towards the person means that the process of curriculum design is shared with students, creating within them a sense of ownership and self-efficacy as learners. Our learning community fosters the conditions for students to have a voice in the design process, allowing them to make decisions about what they need to know and when.

Implementation

St Paul Apostle South Primary School will implement the curriculum by:

The curriculum is designed and delivered from whole-school to level planning to individual teacher plans. These are created in a collaborative and supported environment. This ensures that a guaranteed and viable curriculum is driving student learning and lifting student outcomes.

Curriculum content

The school implements the Victorian Curriculum in order to provide students with a comprehensive and cumulative curriculum from Foundation to Year 10.

The school's teaching and learning program is the school-based plan for delivering this common set of knowledge and skills in ways that best utilise local resources, expertise and contexts. Information technology is an integral part of our curriculum as a basic tool for learning. Supported by our governing body, **St Paul Apostle South Primary School** will develop strong processes for monitoring student progress and the application of appropriate explicit teaching and intervention strategies.

St Paul Apostle South Primary School will also take inspiration from the *Horizons of Hope* education framework. This framework supports Catholic school communities to engage in dialogue about the distinctive nature of learning and

teaching, leading learning and enhancing Catholic identity in our schools. The framework is a living document that has been added to over the years with examples of practice from schools, as well as additional strategy statements in the areas of Leadership, Wellbeing, Diversity and Religious Education.

Religious Education has a central place in the curriculum at **St Paul Apostle South Primary School** as it reflects our unique character of Catholic identity and focus as a Catholic school. The primary source for developing our Religious Education program is the Religious Education Curriculum Framework, developed by our governing body MACS.

Whole-school curriculum plan and time allocation

Capabilities

The Victorian Curriculum includes both knowledge and skills. It is expected that the skills and knowledge defined in the capabilities will be developed, practised, deployed and demonstrated by students in and through their learning across the curriculum:

- Critical & Creative Thinking
- Ethical
- Intercultural
- Personal & Social.

The skills and knowledge defined in the capabilities will be developed in student learning across the curriculum areas where it is relevant and authentic to do so.

Curriculum organisation and implementation

The school's planning for curriculum draws on the Victorian Curriculum and Assessment Authority (VCAA) curriculum planning site for age-appropriate content, sequential learning patterns, and interrelated aspects of the content and skills and of the desired learning capabilities. Refer to the Pedagogical Framework.

All content is developed using the following documents:

- **St Paul Apostle South Primary School** policies for each of the learning areas
- **St Paul Apostle South Primary School** Religious Education Scope and Sequence: Religious Education Curriculum Framework
- Victorian Curriculum F–10
- Statement of Philosophy.

A variety of other resources, including online resources, will be available to support planning.

Evaluation

This Policy will be monitored and reviewed by the staff, in accordance with the School Improvement Plan or as required.
